

PROVITALS

PRODUCT PORTFOLIO

Company Overview

PROVITALS is a premium line of European-manufactured dietary supplements designed to meet the everyday health and wellness needs of the market. All products are manufactured in GMP-certified facilities across Germany and other European Union countries, ensuring high quality, efficacy, and compliance with international standards.

Key Advantages

- Manufactured in Germany and the European Union
- High-quality dietary supplement ingredients
- Custom packaging
- Tailored formulations to meet regional dietary needs and regulatory standards
- Fast lead time and reliable logistics
- Adaptable for Arabic labeling and compliance with Middle East market regulations
